Thomas Rickert
Chair of the Reconvened PDP Working Group on Red Cross Names

Dear Thomas,

In its September 27, 2018 meeting, the GNSO Council unanimously adopted the Final Recommendations from the Reconvened Working Group on Red Cross Names (<https://gns0.icann.org/en/council/resolutions#201809>), bringing many years of community work on this important policy issue to an important milestone.

We are particularly grateful to you for your willingness to return to the role of Chair in this Reconvened PDP following the dialogue facilitated by Bruce Tonkin in March, 2017. The reconvened PDP Working Group's ability to achieve full consensus on its recommendations is a testament to your leadership skills and commitment to the GNSO Policy Development Process.

On behalf of the GNSO Council, we sincerely thank you for your service
