# Selection of Primary and Secondary Liaisons from the GNSO to the New Bylaws-Mandated Customer Standing Committee

# What is this about?

1

Proposals developed by the community in relation to the IANA Stewardship Transition called for the creation of a new structure to provide operational oversight of the performance of the IANA naming function.

2

New oversight structure is to be called the Customer Standing Committee (CSC), and its role is to monitor the performance of the IANA naming function against agreed service level targets.

3

On 1 June 2016, ICANN sent a request to the ICANN Supporting Organizations (SOs), Advisory Committees (ACs) and Registry Stakeholder Group (RySG) to initiate their respective organization's processes and appoint candidates to serve as members and liaisons on the CSC.

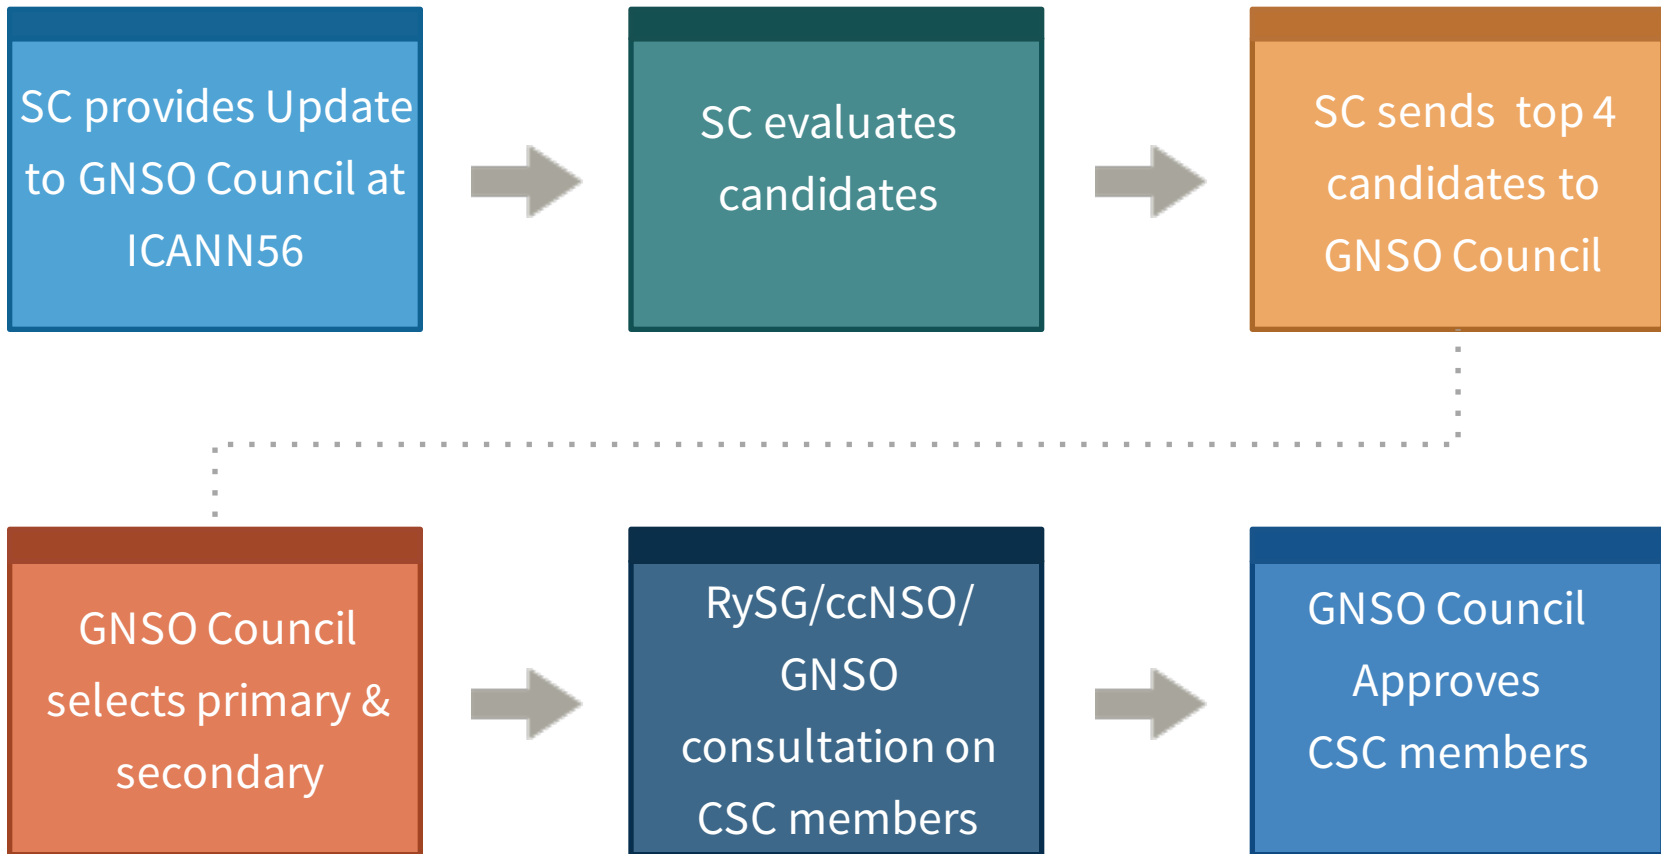

4

GNSO may appoint a liaison to the CSC. For the liaison, a primary and a secondary candidate that meet the qualification requirements in the expression of interest, and are geographically diverse, needs to be appointed.

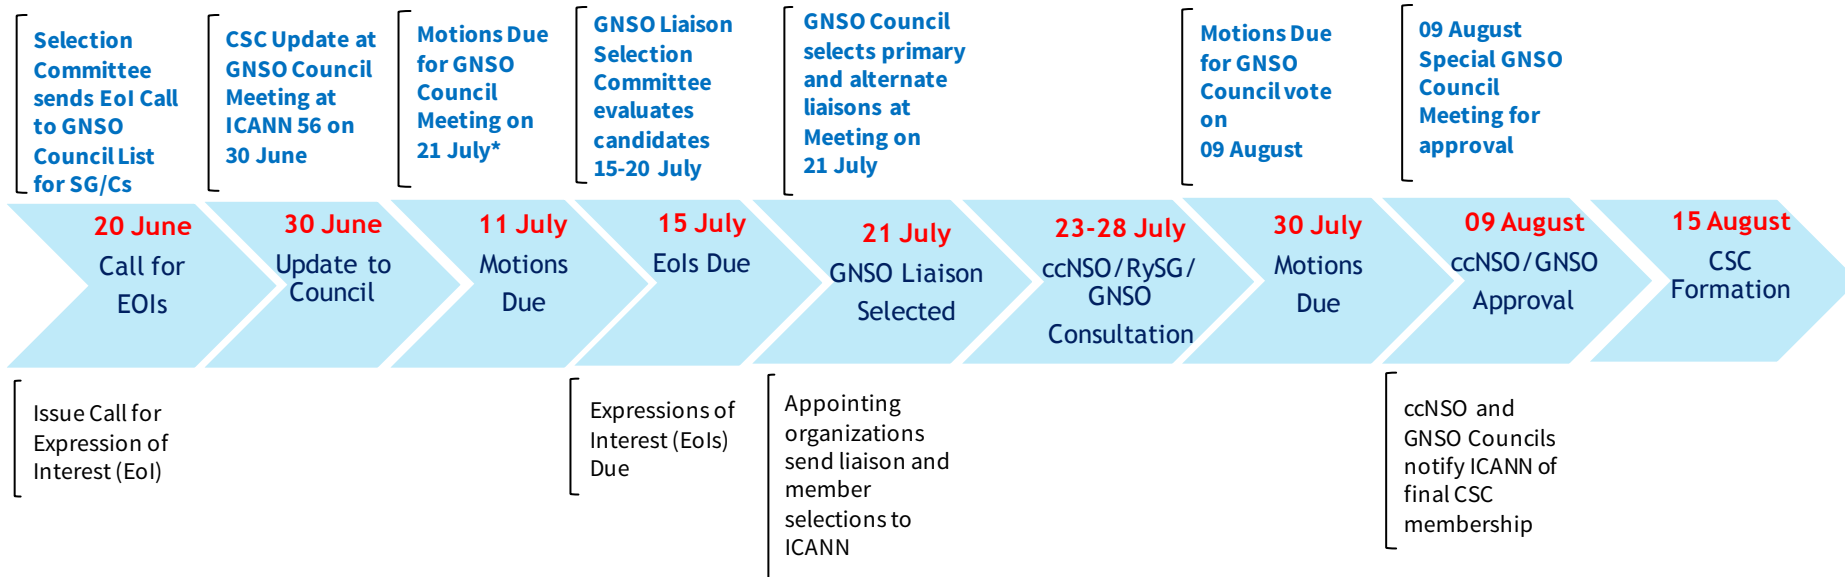

# Current Status

- On 01 June 2016 the GNSO Council Chair sent the Call for Expressions of Interest (Eols) to the GNSO Council and requested distribution to their Stakeholder Group and Constituency members.
- On 02 June 2016, the GNSO Council confirmed a Selection Committee (SC) for the primary and secondary GNSO liaison appointment consisting of Councilors David Cake, Heather Forrest, Susan Kawaguchi, Wolf-Ulrich Knoben and Rubens Kuhl.
- On 20 June 2016 the SC resent the Call for Eols to the Stakeholder Group and Constituency Chairs for distribution to their members with an deadline of 15 July for submissions.
- The SC has developed an evaluation process for candidates.

# Expected Next Steps

# Detailed Timeline

\*Because the Selection Committee will not have completed its evaluation at this point the candidate names in the motion will be blank and added later.

# Comparison of ccNSO and GNSO Timelines

Action	ccNSO Proposed Dates	GNSO Proposed Dates
